Dear Valued Customer,

Fanatic Pest Control would like to introduce ourselves to you as a professional pest control/management and termite company. Fanatic Pest Control would like to offer a termite treatment plan for the next year, so that the potential problems that you may encounter in the future do not cost you untimely expenses.

Termites affect almost every state in the U.S. and are a particularly bad problem in our Tri-State area. They cause billions of dollars in property damage each year. Termites are much more likely to damage your home than fire, storms, and/or all other causes combined.

Let **Fanatic Pest Control** give you piece of mind. An annual termite protection plan for a fee of \$ 125.00 will save you a fortune over the cost of "treatment as needed" or expensive treatment and repairs. Call us today and we will set up your **free** inspection appointment.

If you have more questions about termites, the damage they cause and our termite treatment plan renewal guarantee, we invite you to visit: www.termiterenewal.com and enter this special account code: **3DCHUJR**. We can offer you piece of mind for pennies a day.

Call us today, at 1-866-266-1068 toll-free, to schedule your inspection and take advantage of our special offer.

Sincerely,

James Lambert
Operations Manager
